

FUND RAISING ACTIVITIES INVOLVING STUDENTS

The board acknowledges that the solicitation of funds from students, staff and citizens must be limited since students are a captive audience and since solicitation can disrupt the program of the schools. Solicitation and collection of money by students for any purpose including the collection of money in exchange for tickets, papers, magazine subscriptions, or for any other goods or services for the benefit of an approved school organization may be permitted by the superintendent providing that the instructional program is not adversely affected.

Student groups may conduct fund-raising activities, including, but not limited to, soliciting donations in their private capacities for the purpose of generating non-associated student body fund moneys for scholarship, student exchange, and/or charitable purposes. Funds generated from such activities shall be held in trust within one or more separate accounts within an associated student body program fund and disbursed for such purposes as the student group conducting the fund-raising activity shall determine. All such fund-raising activities will be conducted in accordance with RCW 28A.325.030, WAC 392-138-200 and any other applicable law or regulation and in accordance with Nine Mile Falls School District Procedure Number 3530P.

The superintendent shall establish rules and regulations for the solicitation of funds by approved school organizations, official school-parent groups and by outside organizations. The principal shall distribute these rules and regulations to each student organization granted permission to solicit funds.
