

EMERGENCY AND DISCRETIONARY LEAVE

Emergency leave may be granted by the superintendent or his/her designee and may be taken in the case of emergencies as defined in the following:

An emergency arises out of unforeseen and unexpected circumstances, which create an air of crisis or extreme need. The circumstances must present a grave and clear danger that imminently threatens physical or mental health or would result in irremediable harm or in immediate disaster to life or property unless some action is taken.

Depending upon the emergency, the employee may be required to use personal and/or vacation days prior to the use of sick leave. This decision shall be made by the superintendent or his/her designee. In the event the staff member's leave has been exhausted, the leave may be granted without pay.

Family Emergency Leaves

The board recognizes that the demands of the workplace and of families need to be balanced to promote family stability and economic security for school district employees. Conditions for the authorized use of accumulated leave for family leaves are to be fairly construed in a manner consistent with this policy, and other relevant district policies.

Unless a situation is governed by an applicable collective bargaining agreement, the following apply:

A. Domestic Violence Leave

The district shall allow victims of domestic violence, sexual assault, or stalking and family members of victims to take reasonable leave from work, intermittent leave or leave on a reduced leave schedule. The leave may be sick leave, other accrued leave, or leave without pay. Family members include a child, spouse, parent, parent-in-law, grandparent or an individual with whom the victim has a dating relationship. The employee shall provide advance notice of their intent to take leave. If advance notice is not possible, due to an emergency, notice should be provided no later than the end of the first day that the employee takes the leave.

B. Family Illness

District staff members may use accrued sick leave or other accrued leave, at the employee's choice, to care for a child of the employee with a health condition that requires treatment or supervision. Staff members may use accrued sick leave or other accrued leave, at the employee's choice, to care for a spouse, parent, parent-in-law or grandparent of the employee who has a serious health condition or an emergency condition. The district may require a signed statement from a licensed medical practitioner to verify the need for treatment, care or supervision for any absence, which exceeds five (5) consecutive days.

C. Death in the Family

The district shall allow each full-time staff member a maximum of 3 days leave upon the death of an employee's spouse, mother, father, son, daughter, sister, brother, mother-in-law, or father-in-law. Leave also shall be allowed upon the death of a son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandmother, grandfather, granddaughter or grandson. The deaths of more than one family member resulting from a common occurrence shall be treated as a single death with respect to the length of leave granted.

D. Birth or Adoption of a Child

The district shall grant leave upon the same terms to male employees as is available to female employees upon the birth or adoption of the employee's child. Leave shall be granted upon the same terms to employees who become adoptive parents or stepparents, at the time of birth or initial placement for adoption of a child under the age of six, as is available to employees who become biological parents. Such leave is available only when the child lives in the employee's household at the time of birth or initial placement.

Employee requests for leave of absence due to birth or initial placement for adoption of a child shall be submitted in writing to the superintendent not less than 30 days prior to the beginning date of the leave. The notice shall include the approximate beginning and ending dates for the leave requested.

An extended unpaid leave of absence for a period up to the beginning of the next school term or school year may be approved at the discretion of the superintendent based upon consideration of educational program needs and the desires of the staff member, together with any recommendation of professionals such as medical practitioners or counselors regarding the leave request.

Nothing in this section shall preclude the use of accumulated sick leave to care for a child with a health condition that requires treatment or supervision, as provided in the **Family Illness** section of this policy.

Leave of Absence

The district may grant leave of absence for specific periods of time for up to one school year upon application by a staff member, the recommendation of the superintendent and the approval of the board. Such leave will be without pay or fringe benefits and, with the approval of the board, and may be extended for one additional school year. During the leave the staff member may pay the district's share of any insurance benefits program in order to maintain those benefits. The needs of students and the district program warrant primary consideration. Leave of absence will be granted only when they will not have an undesirable impact upon the educational program or business operations.

A staff member will be entitled to return to a position in the district at the end of the leave of absence subject to the availability of a position for which the staff member is qualified. The staff member granted a leave of absence will inform the board by April 1 as to his/her intentions to assume a position in the district for the ensuing school year. If said notification is not received, the individual's employment rights with the district will be terminated.

Staff on leave of absence will not earn any salary schedule experience credit or any sick leave credit or benefits during the leave of absence.

Leave to Attend Meetings/Conferences

The district may grant leave, subject to the recommendation of the superintendent and approval by the board, to staff for the purpose of attending meetings or conferences that are likely to be of value to the staff member's performance. Meetings and conferences wherein bargaining unit activities are conducted are excluded. Such leave may be granted without pay and with or without travel expense reimbursement.
