Hello Lakeside Eagles and Future Eagles!

This is Mr. Browning, the principal at LMS. We are so excited to welcome your student either back to school next year or to our school for the first time! I love this school for so many reasons, but the main reason is the people in it. We have awesome students and incredible staff members and my hope is that your student is excited and ready to learn this fall.

While we don’t know exactly what the fall will look like, we do want to take the opportunity for students to register for classes next year. After my message here, you will see directions on page two of this document with instructions of how to get into Skyward so you can start choosing your elective options. To learn more about the classes that you can choose from, please take a look at our LMS 2020-2021 Elective Choices document which is the second attachment you received.

Your student will automatically be enrolled in four core classes next year, along with one semester of PE. The four core classes are English, Math, Science and Social Studies. We need you and your student to pick three more, semester long classes to complete their schedule. Most of our elective classes are one semester long. Here are some things to think about:

- Band is one of the exceptions to the semester rule, it is a full year long class. If you choose to do band, you will only need one more elective to finish your schedule. Please be sure to give us alternates in this scenario in case your first choice is unavailable.
- During either your 7th or 8th grade year, you must have taken one semester of Health.
- If you want PE for the whole year, please choose it as one of your elective choices. You choose PE as a choice only if you want PE all year. Otherwise, you will already have one semester of PE automatically.

You will also have the opportunity to input three alternate classes that we will use if some of your first choice electives are full or conflict with your schedule.

Please don’t stress over this process too much. In the end we double check your requests and make sure it all works with your schedule. If you get stuck, you can call the office and we will do our best to answer your questions. Our number here is 340-4100.

Please have all selections made by Monday June 15th.

Information continues on page 2...
Instructions to Login to Skyward so that you can select your electives:

Student Instructions

1. Log onto your student Skyward account

2. On the left side select Schedule

3. On the top right select Request Course 2020/2021

4. Highlight the (3) courses you would like and click Add Courses

5. On the top right select Request Alternates

6. Highlight the (3) alternate courses you would like and click Add Course

Parents:

If you choose to request electives for your child and have more than one child in Skyward, you will need to select which student you are choosing for at the top of the page. Then follow the rest of the instructions above.
